

2021 Spring Turkey Hunting Season – Area Capacities

Areas are allocated based on the following guidelines: Active Duty 40% capacity of each area, DoD ID Cardholders and Disabled American Veterans (DoD and DAV) 30% capacity of each area, and Non-Affiliated Civilians 30% capacity of each area. Areas will be opened, upon availability from Range Division, and each status may occupy their allotted capacity in each area.

Some areas will be rotated weekly (see table titled “Rotated Areas”), upon availability from Range Division, to each status. Rotated Areas are areas that have a maximum capacity of 5 or less. These areas will be rotated weekly, upon availability, between each status. Due to the number of areas that qualify as rotated areas for turkey hunting, rotated areas will be divided into 3 groups (A, B, C). Each week, each status will be assigned a group of rotated areas.
