

## Deer Hunting Capacities

Effective for the 2022 deer hunting season, Fort Campbell will be utilizing the iSportsman Reservation System. Reservations can be acquired the day prior to a hunt for each participant status within their designated time slot (as shown below):

- Active Duty – 1200 (12:00 PM)
- DOD, DAV, Retiree – 1300 (1:00 PM)
- Non-affiliated Civilians – 1400 (2:00 PM)

A reservation will hold the hunting slot. The hunter will be allowed to check-in to the activity starting at 0400 (4:00 AM) the day of the hunt. Hunters who have not checked-in to the activity by 0800 (8:00 AM) will have their reservation cancelled. All user groups will be allowed to acquire a check-in the same day of the hunt as area capacity allows. Same day check-in is on a first come, first serve basis. Same day check-ins must be made prior to 1600 (4:00 PM).
